0900 – 1000 An Urban Garden Oasis.

In the dead of winter in 1996, Nathalie Drouin and her husband, Hugues Brunet, bought a corner-unit townhouse in Anjou. Nathalie assumed the whole property was the width of the 11.5-metre-wide home – which she considered to be plenty. In April she looked outside and asked “What’s all that land?” and Hugues said, ‘I think it’s ours. What are we going to do with all of this?’ You will be amazed to see the results!
